

TABLE 1

Reference White Points for Two Absorptive Devices Using One Illuminant		
	Relative Colorimetry	Absolute Colorimetry
Local White Point	media white	illuminant white
Common White Point	illuminant white	illuminant white

TABLE 2

Reference White Points for Two Absorptive Devices Using Different Illuminants		
	Relative Color	Absolute Colorimetry
Local White Point	media white	illuminant white (for each device)
Common White Point	illuminant white	illuminant white

TABLE 3

Reference White Points for One Absorptive Device and One Emissive Device		
	Relative Colorimetry	Absolute Colorimetry
Local White Point	media white	media white (emissive) illuminant white (absorptive)
Common White Point	illuminant white	illuminant white

TABLE 4

Reference White Points for Two Emissive Devices		
	Relative Colorimetry	Absolute Colorimetry
Local White Point	media white	media white (for each device)
Common White Point	illuminant white	illuminant white
